15.3 New Feature Review

November 2015

Enhancements for this Release

- Quick Menu Persists when Scrolling
- New Look for Cart Confirmation Screen

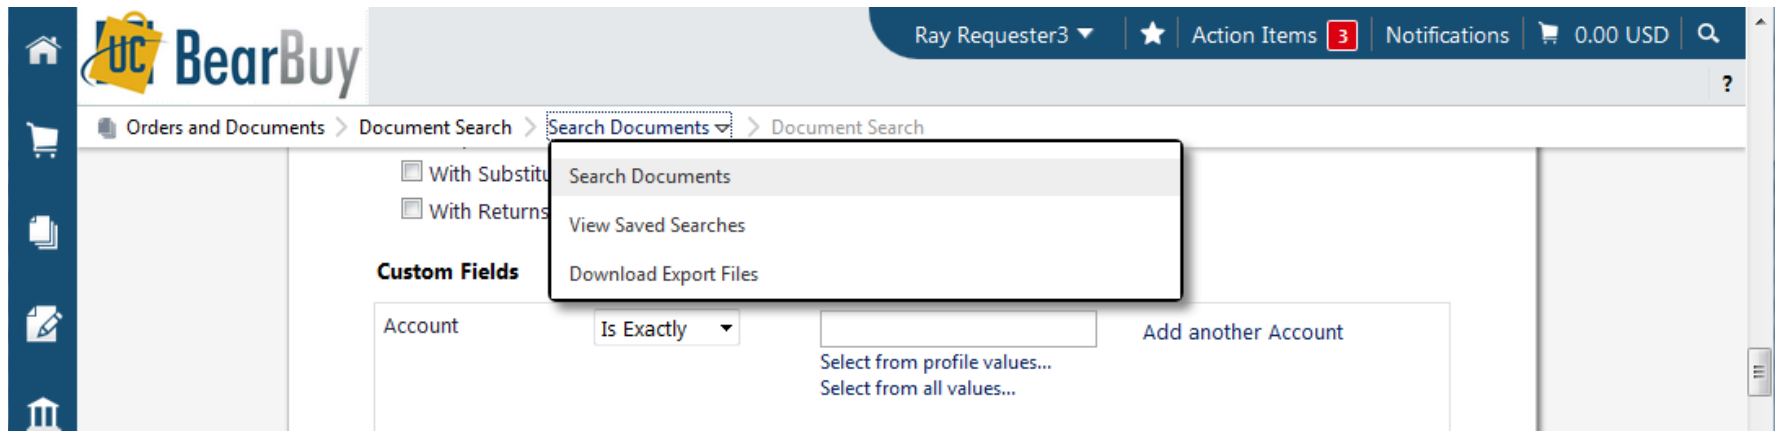

Quick Menu Persists when Scrolling

- Menu indicates where current page is located in navigation menu and allows quick access to related pages
- Previously, quick menu displays at top left corner of pages and disappears when scrolling down the page

Quick Menu Persists when Scrolling

- Now, quick menu persists and is always in view
- Quick menu moves down the page even as you scroll down the page
- Allows easier access the quick menu even when scrolling down a page

New Look for Cart Confirmation Screen

- Previously, after assigning a cart or placing an order, a grey confirmation screen appears
- A brief summary of cart along with links to common next BearBuy actions appears on page

Shopping Cart Information

✓ Congratulations! Your cart was successfully assigned for further review.

At this point, you can view the cart in your draft carts list and can unassign it, if needed, until submitted by the assignee. After a cart is submitted by the assignee, you can view it via requisition history search.

Here is a brief summary of the requisition you have assigned:

Requisition number	68290537
Cart name	2015-11-09
Requisition total	24.98 USD
Number of line items	1

What would you like to do next? Here are links to some common actions.

- Search for another item
- Check the status of an order
- Return to your home page
- Create new draft cart

BearBuy Browser Requirements

- These new features are supported on the following browsers:
 - **Internet Explorer 8 or above***
 - **Firefox latest version**
 - **Chrome latest version**
- To take advantage of all BearBuy features and functionality, always use one of these supported browsers
- Some features may not function on older browser versions
- The latest version of each browser works best
- For the latest BearBuy browser requirements, visit the [BearBuy System Requirements](#) page

*You must have "Compatibility View" turned off in Internet Explorer to view BearBuy properly. To turn "Compatibility View" off, open the Internet Explorer Tools menu and uncheck "Compatibility View".
